Certain Schemes
attempts to radically transform and improve the human condition have failed. He identifies the central problem of statecraft and of government as one of legibility; the state must make its citizens and their activities visible before it can appropriate revenue and This is the kind of book that restores my faith in academic theory.

Seeing Like a State by James C. Scott: Summary and Key ...

Seeing Like A State summarizes the sort of on-the-ground ultra-empirical knowledge that citizens have of city design and peasants of farming as metis, a Greek term meaning “practical wisdom”. I was a little concerned about this because they seem like two different things.

Scott's focus is on "seeing" like a (high modernist) state; the question this book asks is: how does such a state see, and what does state-like perception systematically miss? Scott argues the state's vision is limited to the conscious, the rational, and the abstract - it cannot see beyond what Nassim Nicholas Taleb has
