Healthcare Financing in Singapore
The financing philosophy of Singapore's healthcare delivery system is based on individual responsibility and community support. Patients are expected to co-pay part of their medical expenses and to pay more when they demand a higher level of service. At the same time, Government subsidies help to keep basic healthcare affordable.

Healthcare Financing | Singapore's Public Health Landscape ...
However, we think that Singapore's successful health-care cost control deserves some more comments. First, as presented in the table, the so-called 3Ms (Medisave, Medishield, and Medifund) finance less than 10% of the total national health-care expenditure. 2 Second, Singapore's health system uses copayments.

Singapore's health-care financing - The Lancet
Singapore's health care financing model Singapore has been built on strong economics and fiscal prudence. The country's reputation as an 'economic miracle' needs little introduction. Despite the trauma of its ejection from Malaysia in 1965 and the consequent loss of a hinterland, Singapore rapidly advanced up the economic league tables.
