Monetary policy is created by a country's central bank as a guide to governing the value of the national currency. The central bank controls the demand and supply with the purposes of achieving macroeconomic goals in conjunction with fiscal policy and maintaining exchange rates against foreign currencies.

Complete Guide To Economic, Fiscal & Monetary Policies

• At the close of the fiscal year, this rule is not enforced. All expenses that should be accrued into the prior fiscal year, are so accrued, in order to ensure that year-end financial statements reflect all expenses incurred during the fiscal year. Year-end books are closed no later than 90 days after the end of the fiscal year.

Guide to Fiscal Policies and Procedures - CompassPoint

Fiscal Policy vs Monetary Policy. Fiscal policy and monetary policy are economic tools to help a country reach its macroeconomic goals. Fiscal policies are managed by the governmental departments and aim to improve the economic output of the country, while monetary policies are managed by the central bank and aim to keep the inflation levels under control.
