The Do It Yourself Submachine Gun Its Homemade 9mm ...
It is a blowback, select fire, Uzi type design, open bolt submachine gun, with a side folding stock. The design and function of the parts is based on various existing submachine guns (like Suomi M1931 for the trigger mechanism and Ingram MAC-10 for bolt security etc.), along with some of the author's own innovations and solutions, for example the bolt construction and folding stock.
