Problems -

Yesterday's Tractors

Any row cleaner that fits a JD maxemerge will work on a White faceplate, you will have to drill some new holes. Martin and Dawn have row cleaners for White. Chances are you will have wear in gauge wheel pivots so plan on fixing with RK products. A 5100 with new disks and tight gauge wheels is a very good planter.

Planter Manual

My Dad has a 5100 White planter, 8 row wide, has liquid fertilizer, and Martin row cleaners. We've had this planter for many years, been a very good, simple planter. The only drawback to the 5100 series White planters, is that the frames for the row units are a lil weak. We've ended up twisting a few row unit frames over the years, usually due...
